PROFESSIONAL EXPERIENCE

MERN Stack Intern | Techpile Technology Pvt. Ltd., Lucknow

June - August 2025

- Built and improved full-stack web applications using React.js, Node.js, Express.js, and MongoDB
- Created RESTful APIs and implemented JWT-based authentication for secure user login
- Worked with senior developers using Git and GitHub for code version control and collaboration
- Participated in Agile development, including daily stand-ups and sprint activities, to deliver projects on time

PROJECT HIGHLIGHTS

Quirex - Real Estate Web Application

[GitHub](#)

- Developed a full-stack MERN application with Node.js, Express.js, MongoDB, and React.js
- Built REST APIs, implemented role-based authentication, and managed CRUD operations
- Designed a responsive frontend with modular components, routing, and file upload functionality

LearningEdge - E-Learning Platform

[GitHub](#)

- Developed a full-stack MERN application with Node.js, Express.js, MongoDB, and React.js
- Built REST APIs, implemented authentication/authorization, and integrated Razorpay payments and Cloudinary uploads
- Designed a responsive frontend with modular components, Redux state management, and Tailwind CSS styling

CERTIFICATIONS

- Infosys Programming Fundamentals using Python - Science Graduates - Foundation Program
- Deloitte Technology Job Simulation
- Accenture Software Engineering Job Simulation
